In every aspect of life in Hong Kong, the old, trusted traditions blend naturally with the new.

There's not another market in the world like Asia, and The Hongkong Bank Group knows it best.

200 branches in Asia alone.

The Hongkong Bank Group, whose head office was established in Hong Kong in 1865, now has 360 branches and representative offices throughout Asia, the Middle East and in many other countries in the world.

The international bank with Asian expertise.

Unlike other international banks, The Hong Kong Bank Group started in Asia and as Asia developed into a booming, consuming third world, the

Bank has developed its services and facilities to meet the needs of rapid economic growth.

One of the world's biggest banks.

With assets exceeding HK\$44,000 m. The Hongkong Bank Group offers resources that are matched by few banks outside New York or London. It is that size, and the spectacular but steady growth that preceded it, that has resulted in The Hongkong Bank Group being a key financial link in some of the most important transactions between East and West.
